Request Details

Noise-Related Complaints – 1/2, 32 Auchinlea Road, Glasgow, G34 9NW

Dear Sir or Madam,

I am writing to request information about any noise-related complaints that have been made in relation to the property at Flat 1/2, 32 Auchinlea Road, Glasgow, G34 9NW.

Specifically, I would like to know:

The total number of complaints received regarding noise, shouting, or disturbances reported from that address;

The general nature or type of those complaints (for example, whether they involved loud noise, shouting, or visits by police);

If possible, whether any of those complaints made specific reference to a child's behaviour or activity within the household; and

When such complaints began, at least approximately (for example, month and year if available).

I do not require the names or identifying details of the individuals who made the complaints.

The reason I am requesting this information is to better understand the environmental circumstances affecting my son, Piotr Robert Lohman, who has additional needs. I am in the process of applying for my own accommodation and want to ensure that I can prepare a suitable, sound-adapted living environment for him. I have access to professional support from people experienced in building and nursery adaptations for children with autism, and this information will help me plan the right measures for Piotr's comfort and development.

Please confirm whether this information can be released under your housing association’s policy or under the Freedom of Information (Scotland) Act 2002.

Thank you for your assistance.
